

reimagine CLEAN

Safe Environment. Healthy People.

Redefine clean spaces. Reinspire students.
Reactivate your campus. Let us help!

With more than 100 years of experience, North American provides unmatched expertise to assess your schools and ensure that you're providing a safe, healthy and clean environment. Through our consultative approach to sanitation, hygiene, safety and cleaning, we will identify the right product solutions you need and where you need them.

In partnership with our NVISION business, we will also design and deliver educational signage, social distancing floor graphics, acrylic barriers and more—all the physical elements needed to create and showcase a safe environment. Our total solution provides a holistic approach to protecting your business and the peace of mind that your employees and customers expect in a new world of cleanliness, health and safety. Now is the time to **reimagine clean**.
