

# reimagine CLEAN

Safe Environment. Healthy People.

Redefine clean spaces. Reassure your patients.  
Revitalize your healthcare environment. Let us help!

With more than 100 years of experience, North American provides unmatched expertise to assess your facility and ensure that you're providing a safe, healthy and clean environment. Through our consultative approach to sanitation, hygiene, safety and cleaning, we will identify the right product solutions you need and where you need them.

In partnership with our NVISION business, we will also design and deliver educational signage, social distancing floor graphics, acrylic barriers and more—all the physical elements needed to ensure a safe visit. Our total solution provides a holistic approach to protecting your environment and the peace of mind your patients, employees and visitors expect during the Coronavirus pandemic. Now is the time to **reimagine clean**.
